PLAYA PRIVADA

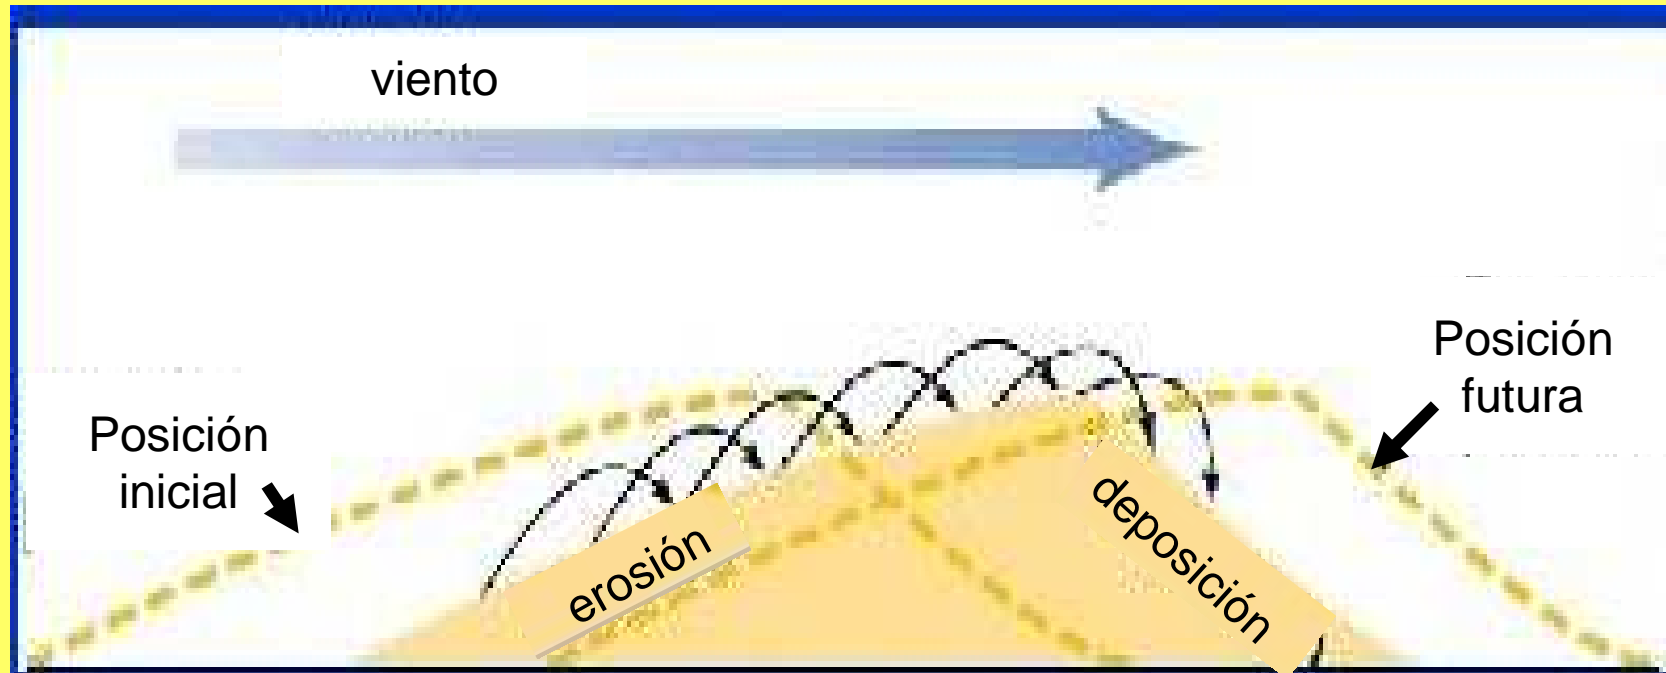

A wide-angle photograph of a sandy beach. The foreground is dominated by golden-brown sand. In the middle ground, waves with white foam are crashing onto the shore, creating a shallow, blue-tinted area of wet sand. The ocean extends to the horizon under a clear, light blue sky. In the far distance, a line of buildings or a town is visible on the horizon.

Pequeñas áreas protegidas

An aerial photograph of a vast desert landscape featuring numerous sand dunes. The dunes are characterized by distinct, parallel ridges and valleys, creating a rhythmic, wavy pattern across the terrain. The sand is a warm, golden-brown color, and the lighting suggests a low sun, casting long, soft shadows that emphasize the contours of the dunes. The sky is a clear, pale blue, occupying the upper portion of the frame. Centered over the dunes is the word "GRACIAS" in a large, bold, yellow, sans-serif font with a black outline.

GRACIAS
